ISA-the confidence factory... your dream designer

## Why 'SPARK'?

**Dream** improves life, there is not an iota of doubt. The volume of dream is the volume of the achievement. Nobody has ever achieved any phenomenal target seeing a dwarf dream in life. A big dream always ensures us a high level of excitement and a specific direction to keep us focused to accomplish goals both in our personal and professional life. A big dream nourishes a substantial purpose and a clear direction for the career in the subconscious mind of a student. **SPARK**, at this hour, stands by the students' side as a career compass redesigning the dreams of the promising students hailing from Odia medium schools of Odisha for pursuing +2 science, the bedrock of one's academic pursuit.

**SPARK** is our diligently engineered programme to rebuild and redesign the students' dream making them solidly prepared for Board as well as Entrance Exams like **AIIMS, NEET, JEE-main, IIT-JEE, NISER, OUAT, AIEEA, IISER** etc.
